## Design Freedom. Defined by Eagle®.

When it comes to design freedom, nobody makes it easier to create a truly personalized entranceway than Eagle. Diverse options and our made-to-order approach allow you to design a handcrafted entranceway that is sure to make a lasting first impression.

### 1 SHAPE & SIZE

From quaint to grand, enhance any home's architectural style.

### 2 THE FINEST WOOD

Define your interior and exterior with one of nine beautiful wood species, or special order one of your own.

### 3 OPTIONAL ALUMINUM

Rugged aluminum-clad exteriors are available in 50 Eagle Complimentary Colors™. Custom colors are also available.

### 4 DIVIDED LIGHTS

Choose from popular styles or create a custom divided light pattern.

### 5 HARDWARE

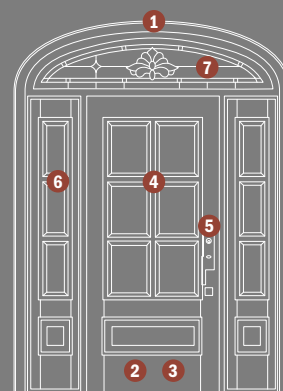

Optional factory-installed multi-point locking hardware and handle sets are available in a variety of styles and durable finishes.

### 6 SIDELITES & TRANSOMS

Accent your entrance in stunning ways that open a home to light and add a dramatic flair.

### 7 GLASS OPTIONS

Efficiency and beauty are available together with a wide array of decorative glass options.

# Wood Selections

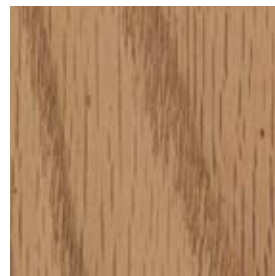

Eagle® offers the finest selection of pine, fir, oak, maple, walnut, alder, hickory, cherry and African mahogany. All wood species can be matched on interiors and exteriors, varied on both sides, or combined with an optional aluminum-clad exterior on most entranceways. Other wood species may be available through special order.

PINE (Complimentary)

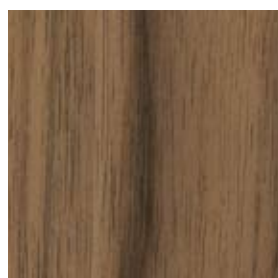

FIR

OAK

MAPLE

WALNUT

ALDER

HICKORY

CHERRY

AFRICAN MAHOGANY

## Brickmold

Seven widths of exterior entranceway brickmold and twelve profiles are available in all wood species shown. Curved and lineal options are also available. Select aluminum-clad brickmold options are available to match entranceways with clad exteriors.

*Brickmold*

## Interior Casing

Twenty-eight profiles of interior entranceway casings are available in all wood species shown. Curved and lineal options also available.

*Interior Casing*

The nature of this product requires that exterior and interior wood finishing be completed on site. Due to printing limitations, the woods shown may differ from the actual wood grain you receive. See your Eagle dealer for actual samples.

# Hardware Options

Eagle offers the option to include a multi-point locking system with a multitude of hardware options, including ten beautiful finishes, eight handle styles, two escutcheon plate options and heavy-duty hinges. All can be combined to match the style of any entranceway, with the exception of stainless steel, which is available uniquely in the Capri handle style. Entranceways can be pre-drilled for Eagle hardware or after-market hardware (sold separately) to accommodate most architectural styles.

# Decorative Glass

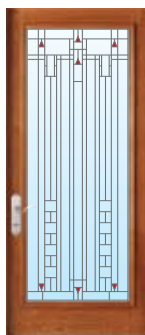

## Straightline (670)

Shown in African mahogany with diamond glass pattern in sidelites and transoms.

Whether your architectural style is traditional, craftsman, modern or something altogether different, Eagle® offers a decorative glass pattern to meet your design needs. Choose from an array of pre-designed panels, modify an existing design to fit your entranceway or design your own custom glass. Caming options include brass, nickel, patina or zinc, all of which can be combined with a multitude of colored, beveled, frosted, etched or other specialty glass.

CUSTOM

\*Decorative glass patterns are modified to accommodate the door styles shown.

Due to the custom nature of decorative glass, drawings are required on glass selections.

# Divided Lights

Eagle provides divided light options to enhance any shape or style of entranceway. You can choose a popular pattern, such as traditional or prairie, recreate a specific design or have our designers work with you to craft a signature look. The illustrations below give you examples of some popular patterns in straightline and arched entranceways.

## Divided Light Styles

MODERN DIVIDED LIGHTS\*

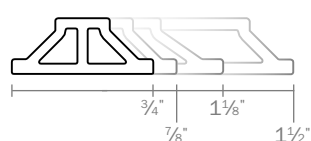

CLASSIC DIVIDED LIGHTS\*

REMOVABLE WOOD GRILLES\*  
(Shown with optional exterior grille)

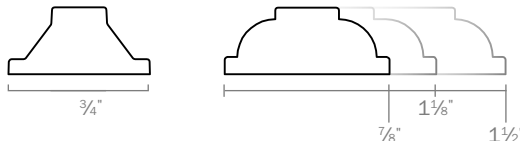

Modern Divided Lights® offer an authentic divided light appearance by featuring fixed interior and exterior grilles with a spacer between the glass panes. Classic Divided Lights remove the internal spacer, offering a traditional and economical solution. Removable Wood Grilles are installed on the interior surface and are available with an optional wood surround.

## Grille Profiles & Widths

### Aluminum (exterior)

### Wood (interior/exterior)

Aluminum exterior grilles and wood grilles for both interiors and exteriors are available in four widths: 3/4", 7/8", 1 1/8" and 1 1/2".

\*Shown with 3/4" aluminum exterior and 3/4" wood interior grilles.

# Features & Options

Doors are available in both inswing and outswing configurations.

- ❶ Tempered High-Performance™ Low-E4® glass is complimentary. Other performance or decorative glass options are available.
- ❷ Engineered timber stiles and rails in the door panels provide strength and stability.
- ❸ Wood exteriors are available in nine species. Pine is complimentary. Optional aluminum-clad exteriors are offered in 50 Eagle Complimentary Colors™ or unlimited custom colors.
- ❹ Exterior panel moldings are standard on most panels. Optional raised moldings are also available on panel interiors and exteriors for added visual definition and style.

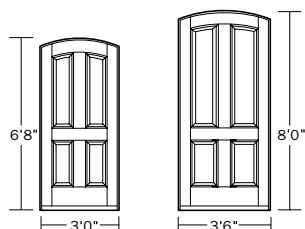

- ❺ Standard 4 $\frac{1}{16}$ ", 5 $\frac{1}{4}$ ", 6 $\frac{1}{16}$ " and 7 $\frac{1}{8}$ " jamb depths are available to match the thickness of most walls. Custom jamb depths are also available.
- ❻ Flexible foam weather stripping around the door perimeter, combined with a sweep watershed on the bottom of the panel, help resist wind and water. Outswing doors include an additional rain skirt for greater protection against wind-driven rain.

## Dimensions

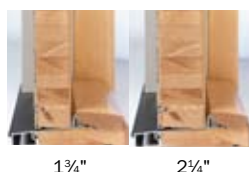

### Door Heights & Widths

Two standard heights, 6'8" and 8'0" and two standard widths, 3'0" and 3'6" are available for most doors. Custom heights and widths are also available. Heights and widths shown are nominal. For actual unit and rough opening dimensions, contact your Eagle dealer.

### Panel Thickness

Choose from two standard panel thicknesses: 1 $\frac{3}{4}$ " and 2 $\frac{1}{4}$ ".

## Sill Options

### Inswing Doors

Inswing sills come in solid wood or extruded aluminum with solid wood thresholds. Sill options include solid African mahogany, solid oak, aluminum mill or anodized bronze.

INSWING

### Outswing Doors

Extruded aluminum sills with solid oak thresholds are available in aluminum mill or anodized bronze finishes. A low profile sill is also available for outswing doors.
